School Profile

2023 - 2024

YUEN LONG PUBLIC SECONDARY SCHOOL

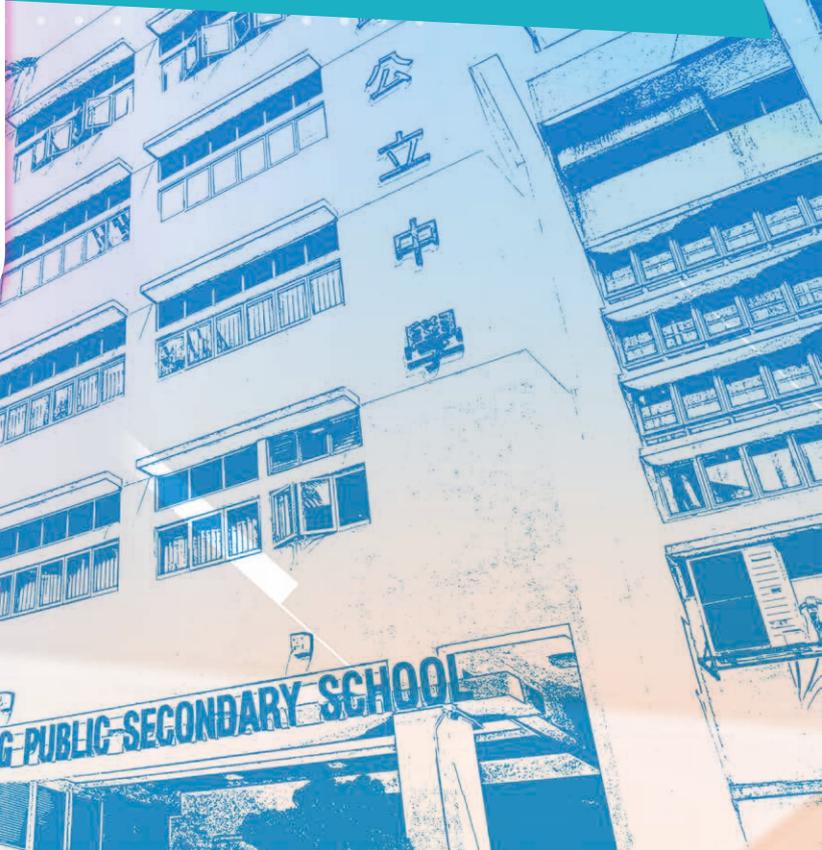

OUR MISSION

Through the creation of a positive and harmonious learning environment, our school is dedicated to educating children in the courses of intellectual, physical, social, moral and aesthetic development.

OUR HISTORY

In 1946, our school was the first secondary school established by the Government in the New Territories. Yuen Long Public Secondary School is a long-established school thanks to the contributions from generous gentry and leaders in the business community in Yuen Long.

MAJOR CONCERNS 2023-24

1. To embrace and cater for learner diversity through adjusted learning environment, differentiated learning content diversified learning process and various modes of assessment.
2. To promote value education through nurturing in students the ten priority values and attitudes.

OUR MOTTO

As a member of our school's big family, we all know our school motto "Viavirtutis Sapientia" (致知力行) : "Put into practice what we have learnt from Yuen Long Public Secondary School."

Organization and Management

SCHOOL ADVISORY COMMITTEE

The School Advisory Committee (SAC) is composed of enthusiastic local people who are concerned with district affairs and serves as a bridge between the school and community. The Chairperson of the Rural Committee is the current manager of the School Advisory Committee. The SAC contributes annually to scholarships.

SCHOOL MANAGEMENT COMMITTEE

Members of our School Management Committee (SMC) include representatives from the EDB, the Principal, teachers representatives, community members, school alumni and parent representatives.

PARENT-TEACHER ASSOCIATION

The Parent-Teacher Association (PTA) was set up in 1966. The aims of the PTA are to foster closer communication between the school and parents, to build up a friendlier and more harmonious relationship between parents and teachers, and to improve the learning environment and welfare of students.

ALUMNI ASSOCIATION

The Alumni Association of our school was established in 1958 to promote connections between alumni, improve member welfare, serve the community, and create opportunities in education. The Alumni Association has also been contributing annually to Alumni Scholarships at the annual graduation ceremony to encourage students to make progress.

Whole Person Development

Whole Person Development

“Whole Person Development” is a comprehensive approach that aims to foster the intellectual, physical, social, moral and aesthetic growth of an individual. Our school values the holistic development of our students and strives to cultivate their abilities in various domains. Besides academic excellence, we equip students with the skills and attitudes to cope with the dynamic society through life-wide learning and instill in them core values through their participation in different student organizations and uniform groups. The WPD team designs and delivers student development programs that span three stages of their school life. These programs are tailored to the specific needs of our students as they grow and learn.

• In S1

All Form 1 students participate in the “One Student – One Uniform Group” Scheme, which offers them the opportunity to join a uniform group of their choice. By being part of a uniform group, students can acquire new skills, enhance their character, and foster their leadership potential. They can also engage in various activities that challenge them to be more resilient, cooperative and responsible. Moreover, joining a uniform group can be an enjoyable and fulfilling experience, as students can form new friendships, discover more about themselves and their surroundings, and have fun along the way.

• In S2 and S3

The WeCan Program offers a variety of new and exciting opportunities for students to explore, such as Canoeing, Adventure-Ship and Curling. They have to challenge themselves and participate in activities that are unfamiliar to them, as well as use essential skills, such as communication, collaboration, resilience and leadership, to accomplish the goals. We believe that exposing students to new activities can increase their engagement and interest in learning. It can also help them cultivate a growth mindset, which is crucial for achieving success in school and in life.

• In S4 and S5

Our 4 core student groups, namely School Prefects, Peer Counsellors, House Committees and Student Association, provide various leadership opportunities for our senior form students, who can take on different roles and responsibilities in extracurricular activities. These activities allow them to collaborate with diverse people, create meaningful experiences on campus, and build strong relationships with their peers. They also learn valuable skills such as team goal setting, recruiting new members, budgeting, and more. These skills are all transferable as they enter the work world.

STEAM

STEAM Education in YLPSS

In line with the development of STEAM education, our school creates opportunities for students to learn modern technologies and equip them with necessary skills with a view unleashing their creativity and potential.

Curriculum: Students learn 3D drawing, coding, app designs, AI, IOT and flight simulator. In their lessons and training classes. The knowledge and skills learned are used to enhance students' confidence in STEAM projects and competitions.

Facilities: 3D printers, microcontrollers, sensors, Robo Masters, Tello drones, and flight simulators are installed and set up in STEAM Center, allowing students to experience, experiment and express their creativity.

Competitions: Students actively participate in STEAM activities and competitions inside and outside school, and have achieved rewarding and outstanding results.

Reflections on Learning and Teaching Expo 2022 學與教博覽 2022

Preparing for the Learning and Teaching Expo 2022, we worked as a team just like we have done in previous competitions. The time was very limited, and we worked together wholeheartedly till the last minute!

We met a lot of professionals and educators at the Expo and introduced our STEAM programmes and products to all the visitors. We shared what we had designed and developed in our school, in particular the 3D printed UDcube and the Discord controlled robotic car. The Expo was a rare and memorable learning experience which helped us to improve our presentation skills and exchange our ideas with others.

Big Brothers and Big Sisters Scheme

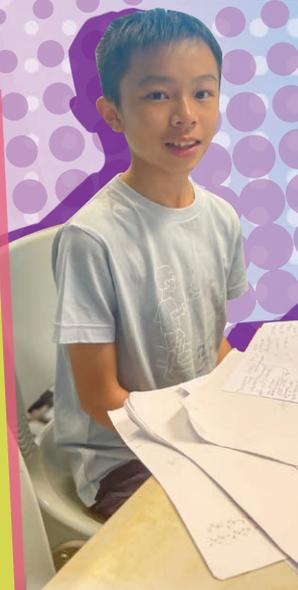

Every year, Counselling & Guidance Team forms a team of Peer Counsellors (PCs) through the School Leaders' Recruitment Scheme to provide a reliable and supportive network for our junior form students. The programme is named "Big Brothers and Big Sisters Scheme" (BBSS), which is launched specially to assist newly-admitted S1 students to adapt to the new secondary school learning environment. Every PC is partnered with two to four S1 students so as to accompany their S1 buddies throughout the school year and acts as a mentor for the new-comers. The programme aims to cultivate a caring culture and foster positive relationships as well as help students to develop a closer bonding and a stronger sense of belongings to the school.

Achievements

Gifted Programme

Over 30 students have completed external gifted education programs in diverse areas offered by local universities. The popular programs include the HKUST Summer Institute, CUHK Enrichment Programme for Youth Mathematics Talent, and POLYU Crediting Bearing courses. All course fees are fully sponsored by our school.

Scholarships, Grants & External Awards

Our school is committed to providing highly-motivated and talented students with an exceptional educational experience. With the strong support of the SAC and scholarship donors, the scholarship scheme reinforces our commitment to promote and recognize academic excellence, leadership and multiple intelligences. We are dedicated to nominating outstanding students for external awards to celebrate students' accomplishments at both YLPSS and the wider community.
